We're the future of the Universe
FLYING SAUCERS
Hand in hand, we're standing hand in hand
We're the Scouts and Guides of the Deep Space Galaxy
Hand in hand, we're standing hand in hand
We're the future of the Universe

Proof that a scout marches on their stomach

Bradley Clifford of 1st Warsash was 11 yesterday and phoned his dad the following is part of the conversation
Bradley; Hi Dad
Dad; Hi Bradley, hows camp?
Bradley; It's great and I've tried lots of new things
Dad; What sort of things?
Bradley; Jacket Potatoes!

Just goes to prove that a Scout's food comes first

Happy Birthday Bradley

Dodgem Disaster

Kelsie Phillips of 25th Colchester Guides had a big surprise on the dodgems on Monday. She and her friends were having a great time when Kelsie collided with a Scout in another car. The impact was so hard that Kelsie's lovely pink glasses flew off and onto the dodgem rink. Jemma, another Guide, shouted to her to stop but she ran over her glasses and squashed them! When Kelsie was able to retrieve them, both lenses had popped out and been crushed, and the frames were totally crooked! Kelsie was worried about telling her mum but did admit, it was very funny after all. The sunglasses will have to do for now!
