Fantastic Football Finally

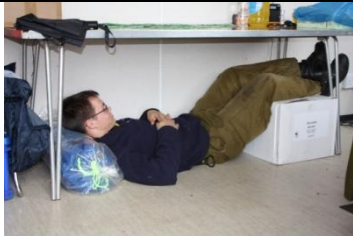

The semi finals proved to be nail biting matches. 101st Bedford (Kempston) and 1st Buxton Guides went through to the final. After a tense five minutes the score was 1st Buxton Guides one, 101st Bedford (Kempston) Scouts one. Penalties followed with both team playing on top form. The final result was 1st Buxton Guides 3, 101st Bedford (Kempston) Scouts 4. The scouts then went on to play a special match with the staff team. Both teams were on top form and playing at their best. After a fabulous five minutes, the Staff team came out on top winning the game 6-1. I think it can be said that everyone thoroughly enjoyed the tournament.

Centenary Celebrations

Centenary celebrations started with a world record attempt, with as many people as possible skipping as possible for two minutes. This was followed by a giant 100 photo, made up with everyone in centenary colours. We then had the pleasure of Traveram Brass Band who played sounds though the ages in the main ring. Many norjammers dance the night away.

Tug of War

Jamie enjoyed taking part in the radio orienteering. He's also found the radio shake and is well on his way on his communicator badge. (Radio)

Sonnet

Rows and rows of shapely homestead canvas,
they line my changed world interspersed by all
those people who i know will one time class
as dearly to me as my own bloodfall.

Who could sing away all the oportun-
-itly you have given us to expolre
ourselves, to me it becomes a greatboon
to find these who one day to will adore.

I have looked at life from many sides, in
all I have seen the love we share be-
-wixt our hindred hearts the deepest bonds twin
those who together can all the world see.

In six thousand men you will find more friend-
-ships, than all the hate of the world can end.
